

Things I want:
 Bump out master suite
 Redesign kitchen layout w/ wood hood
 Move bonus room wall
 Add wood beams in great rm
 Extra deep garage for boat

How can we make this plan work for you?

As the Vice President of Sales and Marketing, Keli asks all of her clients, "How can we make this plan work for you?" Instead of trying to fit you into a predetermined floorplan, Ford Custom Classic Homes is staffed to ensure the floorplan is **customized around you**. Other builders boast efficiencies in buying power and volume to offer you the lowest price with NO changes. Ford Custom Classic Homes offers the same economical efficiencies and low pricing, while also offering an experienced staff with skills in design, architecture and purchasing to ensure that the largest purchase you will ever make is **exactly what you dreamed it would be**.
